

## Climate Crisis Solution - URGENT & PARAMOUNT!

Dear Secretary General António Guterres,

we would like to ask you, to take a few minutes of your precious time.

Please look at the **original idea** for **Climate Crisis Solution** with 7,7 billion Climate Nano Transformers on [www.earthlikeme.org](http://www.earthlikeme.org) for **long-lasting system change** with three goals: relief, recovery, and reform.

Introducing the new world climate order - ©Balanced Coexistence - BC

<https://www.earthlikeme.org/new-world-order-balanced-coexistence>

with its base - ©Personal Biodiversity Unit - PBU

<https://www.earthlikeme.org/personal-biodiversity-unit> .

We launched this original idea in Mekelle, Tigray in 2019.

**The identical letter was first sent to you two years ago.**

Sir David Attenborough is saying. "In this world a species can only thrive when everything around it thrives too.", ©BC and ©PBU are all about that!

We are aware that the proposals of ©Balanced Coexistence & ©Personal Biodiversity Unit in the **NO WE WON'T (No we will no longer harm Earth)** manifesto's 37 articles are still in the inception phase and need cross-fields scientific, political and societal support. We are deeply convinced that it will work on every continent of the world.

We are positive that, **with your voice, power and wisdom**, you can lead the world on this path, and politicians and nations will follow all over the world.

We believe in this **original idea as safeguard for humanity to unshackle itself and vivificate the Gaia biosphere**, and take a **new ground-breaking historical path on Earth**.

It is your moral responsibility!

Thank you.

Yours sincerely,

Dominika Batista PhD
